Priority Briefing

UPDATE ON NEW CARE OF STUDENTS WITH DIABETES ACT

Since our Priority Briefing of December 10, 2010 in which we advised you of the enactment of Public Act 96-1485, known as the **Care Of Students With Diabetes Act**, partners Teri Engler and Alan Sraga have been working with the Illinois Association of School Boards/Illinois Council of School Attorneys to prepare a number of materials designed to assist Illinois school districts and special education cooperatives in their efforts to comply with the Act. We are pleased to advise you that these materials were published today and are now available. They include the following:

- * "Answers To Frequently Asked Questions" document;
- * Sample diabetes care procedures;
- * Copy of letter to ISBE and other State agencies requesting guidance on legal issues raised by Act; and
- * Copy of letter to U.S. Department of Education also requesting guidance on legal issues raised by Act.

You can access these materials at <http://iasb.com/law/diabmats.cfm>

Please do not hesitate to contact Teri Engler, Alan Sraga, or any of our other attorneys if you have questions about these materials or need assistance dealing with diabetes care issues in your schools.
